MASTER OF DIVINITY - ANGLICAN STUDIES  
(BASIC PROGRAMS)

This is the face of change

UNIVERSITÉ  
SAINT·PAUL  
UNIVERSITY

[ustpaul.ca/programs](http://ustpaul.ca/programs)

## GENERAL INFORMATION

The Theology program encourages students to develop a critical approach to the problems and challenges facing modern society. The Master in Divinity (MDiv) is a three year (90 cr.) second-entry program, (that is, it requires a B.A. or its equivalent for admission but no prior theological training). As such, it is a general degree in theological education whose purpose is to provide students a general theological education and a professional formation. The diploma is conferred jointly by the senates of the University of Ottawa and Saint Paul University by virtue of the federation agreement between both institutions.

The MDiv will allow students to pursue a more integrated program where theory and practice are linked more organically. Saint Paul University's MDiv distinguishes itself from that offered by other Ontario universities in its emphasis on education for dialogue and collaboration across ecumenical and interreligious boundaries, and its exploration of theology's engagement with issues in contemporary culture.

While the program may be completed on a part-time basis, students are required to register full-time for at least one year with a view to integrating theoretical education, supervised practical experience and personal training.

This degree is recognized by the Association of Theological Schools.
