OUR IDENTITY

We are a research and higher education community entrusted to the Congregation of the Missionary Oblates of Mary Immaculate.

We freely explore knowledge according to the Catholic intellectual tradition, which is open to continuous conversation between faith, reason and culture.

We commit ourselves to seek the truth, to promote human dignity, justice, peace and the integrity of creation, as well as to put education at the service of the poor, while respecting Oblate values.

Bilingual and inclusive, we foster mutual understanding between believers of all traditions and non-believers, as well as between cultures.

OUR MISSION

Saint Paul University integrates learning and research with social engagement, thus making it possible to offer a unique student experience. The University participates in dialogue on contemporary issues and is strongly focused on social justice.

OUR VISION

Support transformative leadership on the part of individuals and communities for:

• The well-being of the planet;
• The healing of broken human relationships;
• A respectful dialogue with Canada's First Peoples.
