

Wholesale Furniture Brokers Scholarship Program *(Information disponible seulement en Anglais)*

We believe that it's more than just the grades that make a great well-rounded student. Each one of you is creative in his or her own way: some of you blog; others curate documentary photography on Instagram; still others find imaginative ways to solve problems in their public and private lives. Creativity is the air each one of us breathes, but sometimes we get so concerned with grades that we forget that imagination is our natural problem solver. In the end, innovation makes people look at the bigger picture, which is the best preparation for college and for life. We are passionate about sparking the creative genius in students and would love to commend those outstanding students who have made a difference in the lives of others in some innovative or technological fashion. In order to achieve this, we have established a scholarship for students who meet certain criteria.
